

# SEVEN ATE NINE

*A Food Chain Card Game*

A fast, mean little trick-taking card game where the animals eat each other.

Lower numbers eat higher ones in a twisted food chain – 2 eats Ace, 3 eats King, 4 eats Queen, and so on.

- ◆ MEET, BEAT, EAT, or YEET your way around the table. The last player still in the round wins – but get eaten and you lose everything you bet. ♠

**2-5 PLAYERS | 15-30 MIN | AGES 10+**
